

RETROFIT

CONVERT
YOUR VEHICLES
INTO

ZERO EMISSION
FLEETS NOW

We support cities, local authorities, companies and transport operators in converting their fleets into **greener vehicles** for a more sustainable future.

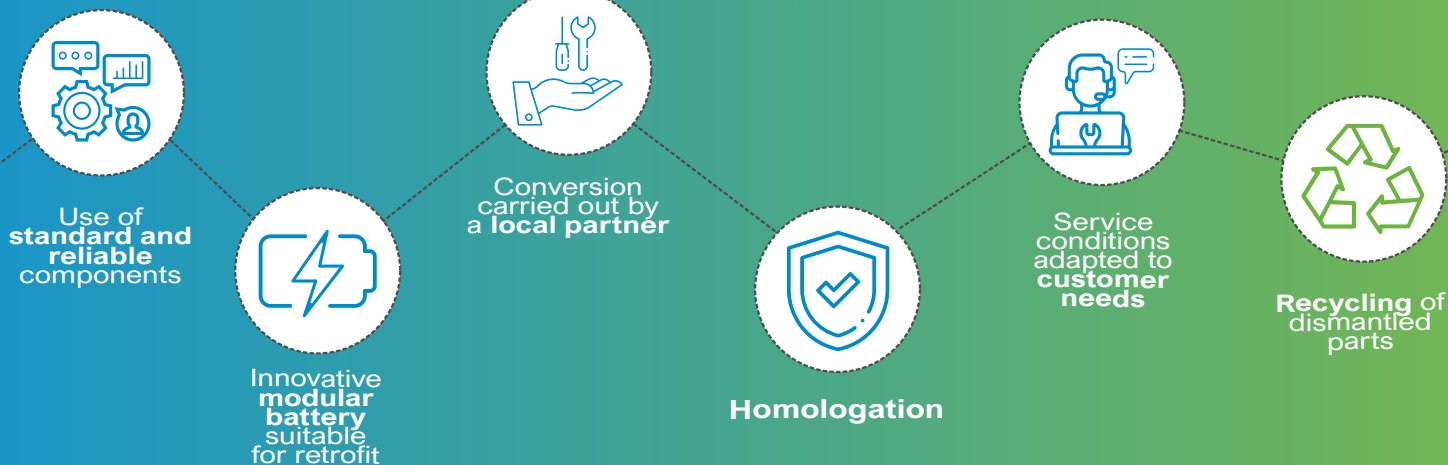

100 % ELECTRIC

Choose between our 2 retrofit kits : **Low Mileage** or **High Mileage**, upon your specific need with regards to **autonomy**.

These kits adapt to your vehicle's architecture, in an **available standardized version** or can be **customized** to your specific vehicle.

WHY CHOOSING GREENMOT'S RETROFIT SOLUTION?

Offers now a **greener fleet** to your passengers! + ECOLOGICAL IMPACTS + BENEFITS OPERATING COSTS

HYDROGEN

Our **engineering design office** takes care of your project: from the study to the design of an integrated solution.
